

Tough Guy

At PANL, in MG 955, Box 10, Series 1072, File 3, are 4 pages of typed notes regarding testimony against Samuel Pike of Mosquito, who in 1751 seized fish from a planter at Port de Grave. Others had claims against the planter in question as well, but Samuel Pike used threat of force (2 pistols at his side, for example) to prevent seizure by anybody but himself.
