This is a large database for the Durham Surname. There are many listings here for the Durham families. Not all are directly related to me. Most of my information come from census, birth, marriage, and death records, but some I have relied on from other researchers. I have tried to be as accurate as possible. But errors do occur. Any comments and updates are welcomed. Check my website at www.durhamheritage.com and join us with the "Durham Family Group" on Facebook.
