- *ID:* I2976
- *Name:* **John MAY , Sr.**
- *Sex:* M
- *Change Date:* 2 FEB 2005
- *Birth:* C1720/25 in probably Virginia ¹
- *Death:* 1785-1800 in Anson Co., NC ¹
- *Note:* John May first appears in Anson Co., NC records in 1768. Received land grant # 2661 on 11 December 1770 on north prong of Jones Creek. Reported to have been a miller. Some researchers say he had an 8th child, Susannah May born circa 1772; others say Susannah was the daughter of Pleasant May, Sr. Susannah May married first John Boggan, son of James and Jennie Boggan; second she married Joel McLendon. The May family, the Boggan family and the Buchanan family intermarried many times. Numerous online gedcoms show Ann Pleasant, of South Carolina, as a wife of John May, Sr. and mother of Pleasant May. However, long time May family researcher, Imogene May Boswell says this is not correct; she says John May, Sr. was married five times, but not to Ann Pleasant. ^{1 2 3}
